# It's Wisdom to Be Careful in Buying Furniture

## Truth

"TRUTH IN ADVERTISING" is a policy of which we are justly proud. We've always insisted that our ads ring true; that no exaggerated, misleading cuts be used; that no vague, misleading names as "Royal" oak or "Imperial" leather be used to mislead the inexperienced buyer. Such a policy as this has made **MAYER'S** famous among Washington housewives as **THE STORE WHERE THE ADS COME TRUE.**

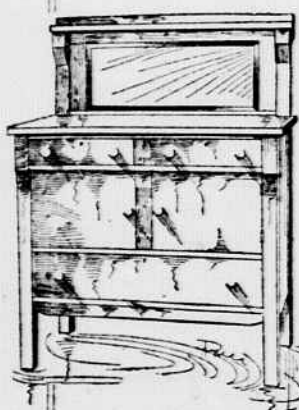

## Service

Do you know this helpful store—every practical housewife should? Hundreds do, but it's of you who do NOT that we ask this question. You owe it to yourself to get acquainted with its many benefits. If we did not give you better service than is procurable elsewhere our low prices would avail you little. From the courteous attention of the salesman who waits upon you to the satisfactory adjustment of any complaint, **MAYER SERVICE** is working unceasingly for your benefit.
